

Roland C-30 Harpsichord Optional Special Order Cases

I've had a set of cases made for my C-30. One contains the keyboard, with pockets for the cords and pedal/controller, and other extras you might carry. The second carries the stand, with pockets for the two legs and the crosspieces. The third case holds the bench, with a compartment for the seat and four slots for the legs. Pictures are below.

Keyboard case, open, empty

Keyboard case, open, with keyboard

Keyboard case, bottom, closed, with keyboard

Keyboard case, closed, top, with keyboard, showing accessory pockets

Keyboard case, side, with keyboard

Stand case, open, with stand

Stand case, open, with stand inserted all the way

Stand case, closed, with stand

Bench case, open

Bench case, closed, with bench

All three cases
